

British Federation of Film Societies – South West Group SELECTED NEW RELEASES FOR 2009/2010 SEASON

This is intended as a guide to the new and re-issued titles available on DVD and 35mm likely to be of interest to film societies and community cinemas. It is not an exhaustive list and other titles, including the more commercial releases, may be found by going to websites such as www.filmbank.co.uk. Note that some of the most recent releases may only be available as 'early release' DVDs which may not be a wide screen version or in full Dolby sound, and which may have an on-screen logo, or be less than commercial quality – check with the distributor to be sure what quality you are getting. Full details of the BFFS Block Bookings are on the website: www.bffs.org.uk/services/blockbooking/bookafilm.html Finally, whilst every effort has been taken to check the information, the compilers apologise in advance for any errors!
