

**British Federation of Film Societies – South West Group  
SELECTED NEW RELEASES FOR 2008/09 SEASON**

This is intended as a guide to the new and re-issued titles available on DVD likely to be of interest to film societies. It is not an exhaustive list and other titles, including the more commercial releases, may be found by going to websites such as [www.filmbank.co.uk](http://www.filmbank.co.uk). Note that some of the most recent releases may only be available as 'vanilla' (early release) DVDs which may not be a wide screen version or in full Dolby sound and which may have an on-screen logo– check with the distributor to be sure what quality you are getting.

Full details of the BFFS Block Bookings are on the website including the new French Collection: <http://bffs.futurate.com/>  
Finally, whilst every effort has been taken to check the information, the compilers apologise in advance for any errors!
